Company Information

Panmark Impex Sdn. Bhd. aims to export both perishable packaged goods such as snack and consumer goods such as baby care products from Malaysia to its' buyers in the Asian region.

Development in Malaysia

In Malaysia, where items such as baby-care products, packaged snacks and electrical and electronic appliances are manufactured vastly; Panmark Impex Sdn. Bhd. aims to capture a market share in these exports by providing its lists of clients a niche service. Panmark Impex Sdn. Bhd. would assist and provide the services required for interested buyers to receive the Malaysian goods at their preferred destination. We will arrange the logistics and provide a competitive price for the buyers, while attaining suppliers through long term trades. Our presence in Malaysia would allow our buyers in Asia greater choices while allowing them to tap into the goods that are reputable in Malaysia.

Product and Services in detail

Our general expertise in trading dates back to 1994, and we believe that we will be able to provide greater choices for our buyers through the office in Johor Bahru, Malaysia. We are still currently trading with several companies in Malaysia- for instance, we are distributing 'Mister Potato' chips and 'Huggies' diapers to Bangladesh. Our knowledge in trading with Bangladesh give us an edge, and by providing more choices of products at greater range and lower prices; we will be able to accommodate to our long lists of buyers, who are willing to expand their portfolio. Our services would include operations at the critical stages of a value chain, from when the items are ordered, till the delivery of the items to the destination. We are also able to assists the buyers with their decisions and make the necessary arrangements tailored to their choices.
